

# **Blended with Love Blended Family Conference**

## **Host and Speaker**

Virtuous Spirit-filled wife, mother of 6, CPC, finance professional, and orator, Sharon Kelly, candidly presents lessons learned on her experiences of life's journey, in an effort to educate, heal and empower others. Speaking on topics including, healing from brokenness, freedom through forgiveness, overcoming sexual abuse, child rearing, and blended family life; Sharon imparts life-changing wisdom, insights, and principles to her audience.

Her belief in a higher calling has brought her healing and forgiveness for those who hurt her in the past. Sharon's YouTube videos and inspirational post on social media provide examples that illustrate her zeal for, and commitment to, helping others by allowing them to glean from her real life experiences.

God birthed in her the vision for the blended family through her own experiences. Sharon was married for 16 years, and has 4 children in her previous marriage. She is now remarried with a total of 6 children (5 biological children, and 1 bonus child). While trying to navigate the challenges and structures of the blended family, and embracing the joy of having more people to love, Sharon has a better understanding of the different dynamics that blended families can encounter. She feels that it is her duty to help empower other families to grow into strong families, standing together for a lifetime while breaking the cycle of divorce and brokenness.

Sharon believes that couples should remain united as they work together to determine how their blended family will operate, and she believes that all parents primary, non-custodial parents, and bonus parents should work together to do what is in the best interest of the child.

Sharon's mission for the Blended with Love Blended Family Conference is to provide a platform to discuss, bring clarity, and resolution to some of the serious challenges that blended families have, while providing tools to educate, bring unity, effective communication through the power of love to the blended family.
